101 Budget

January 4, 2001

Mr. Tim Humphries, General Counsel
Office of Secretary of State
256 State Capitol Building
Little Rock, AR 72201

Dear Mr. Humphries:

Because of meetings related to the beginning of the 2001 Legislative Session, I will be unable to attend the public hearing scheduled on January 5 in Russellville. I began on January 1 my last term in the House of Representatives for District 30. I have observed that the new districts will better serve people if county lines could be used as borders for House districts.

It is my recommendation that Pope County have two House districts within the county. The population will be very close to the number required for two districts.

I have also observed that the rural population of Pope County has felt under served in the past due to small pieces of the county being in a district primarily composed of areas in other counties. I recommend that District 30 remain as it is and it will continue to serve Russellville. The remainder of Pope County would then be a second district, which would represent the interests and concerns of rural Pope County.

Thank you for the opportunity to address the needs of Pope
County.

Sincerely,

A handwritten signature in cursive script, appearing to read "M. Olin Cook".

M. Olin Cook
State Representative

State Capitol
Little Rock, AR 72201**

Dear Board of Reapportionment Members:

I am writing this letter as Chairman of the Pope County Democratic Party. In 1991 Pope County was redistricted into six different House seats, with only one seat, District 30, being entirely in Pope County. District 24, 25, 27, 31, and 44 each have a small part of Pope County. I would like to request that Pope County be given two full House Districts, with House District 30 remaining as is. Based on the 2001 preliminary census data this could be done on a fair and equitable distribution to the taxpayer. These two districts would give Pope County a field of greater representation and would not appear to infringe on any other County or House Districts.

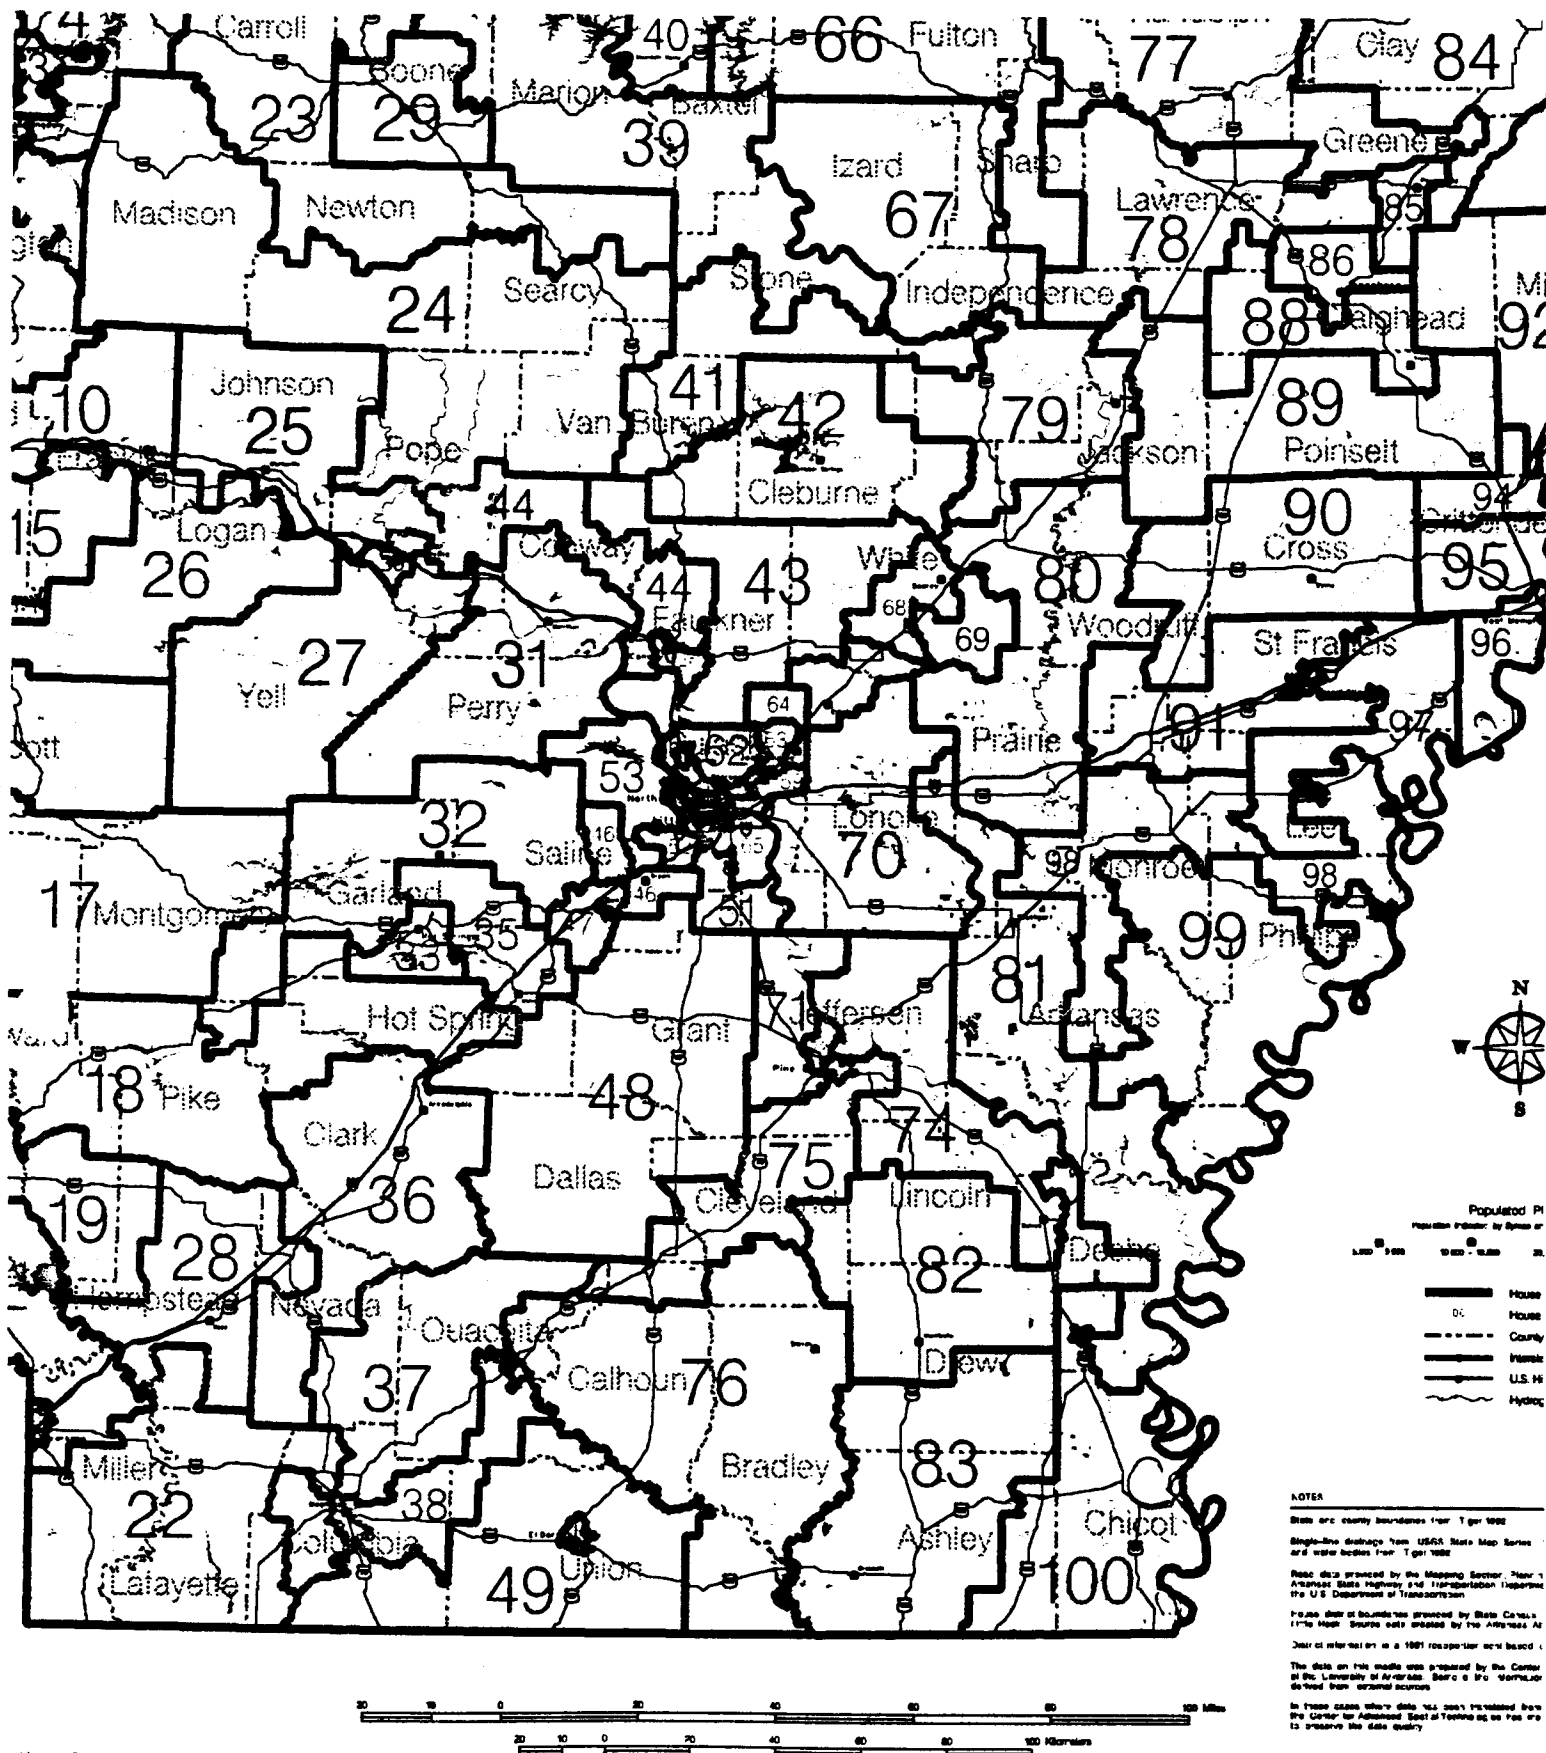

Pope County currently makes up a part of two separate Senate Districts, Senate District 12 and Senate District 25. I would suggest that all of Pope County be placed in one Senate district with either Johnson County or Yell County.

I hope that you will give this due consideration.

Sincerely,

**Dale W. Brown
Chairman**

Little Rock, AR 72201

Dear Board of Reapportionment Members:

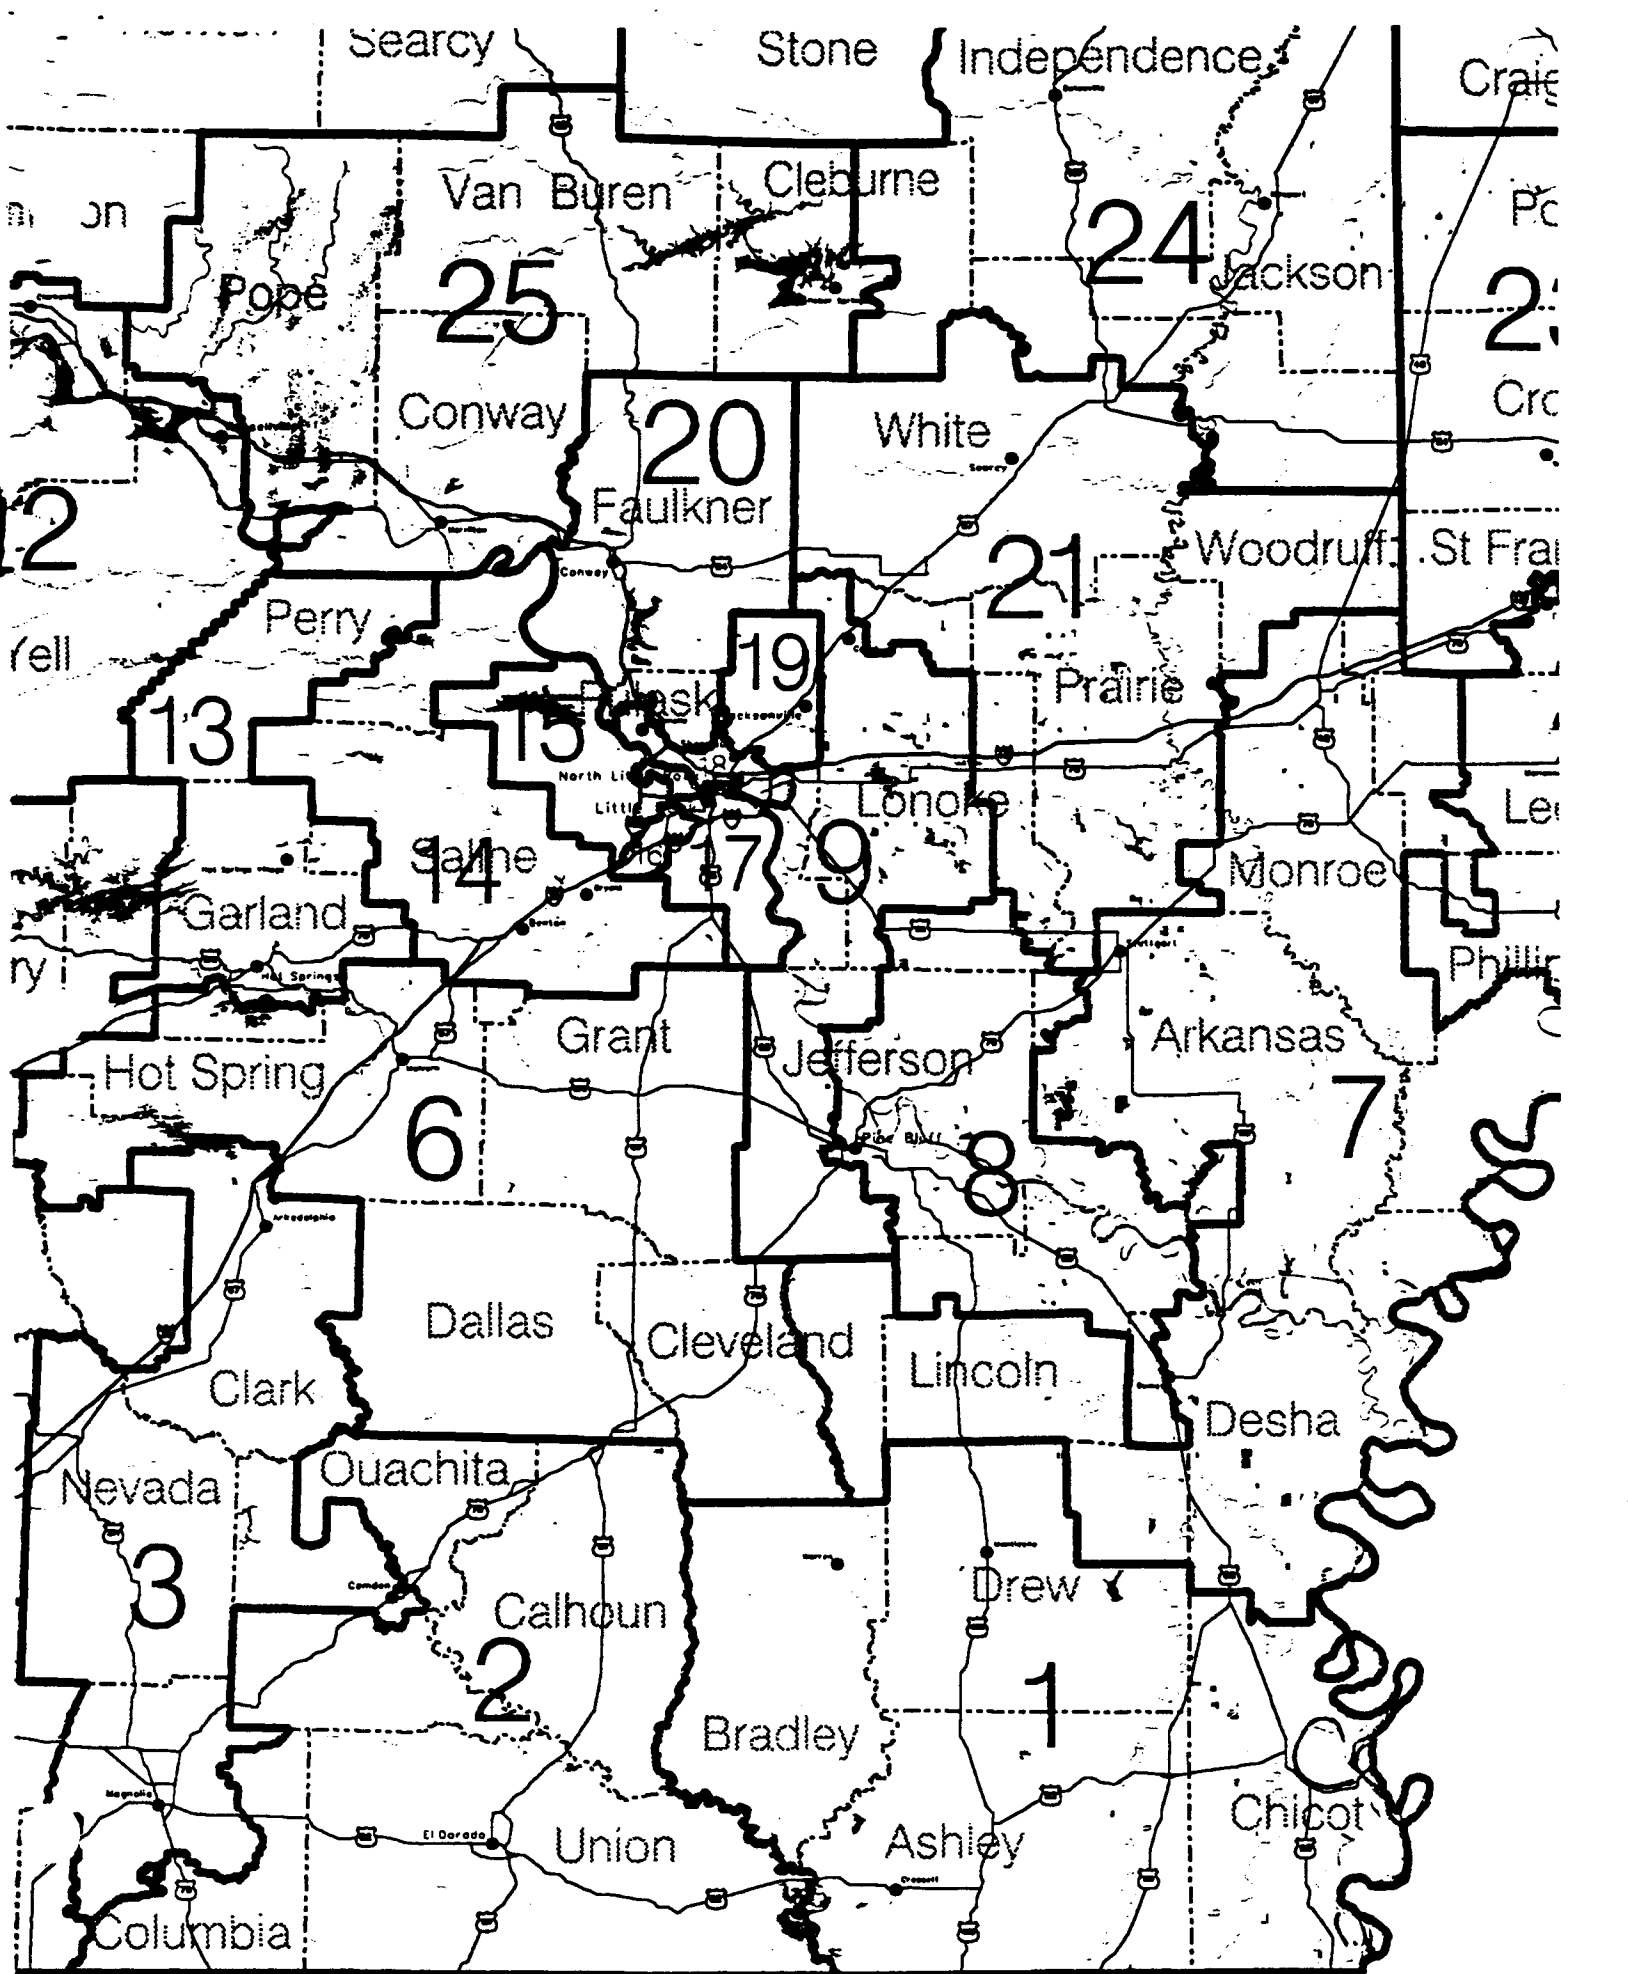

I am writing this letter as Vice Chairperson of the Pope County Democratic Party and as the Third Member of the Pope County Election Commission. Pope County currently makes up a part of two separate Senate Districts, Senate District 12 and Senate District 25. It is my suggestion that **all** of Pope County be placed in one Senate District. Should census findings require additional numbers to make a full district, I suggest that Pope County be combined with Johnson, Conway, or Yell County.

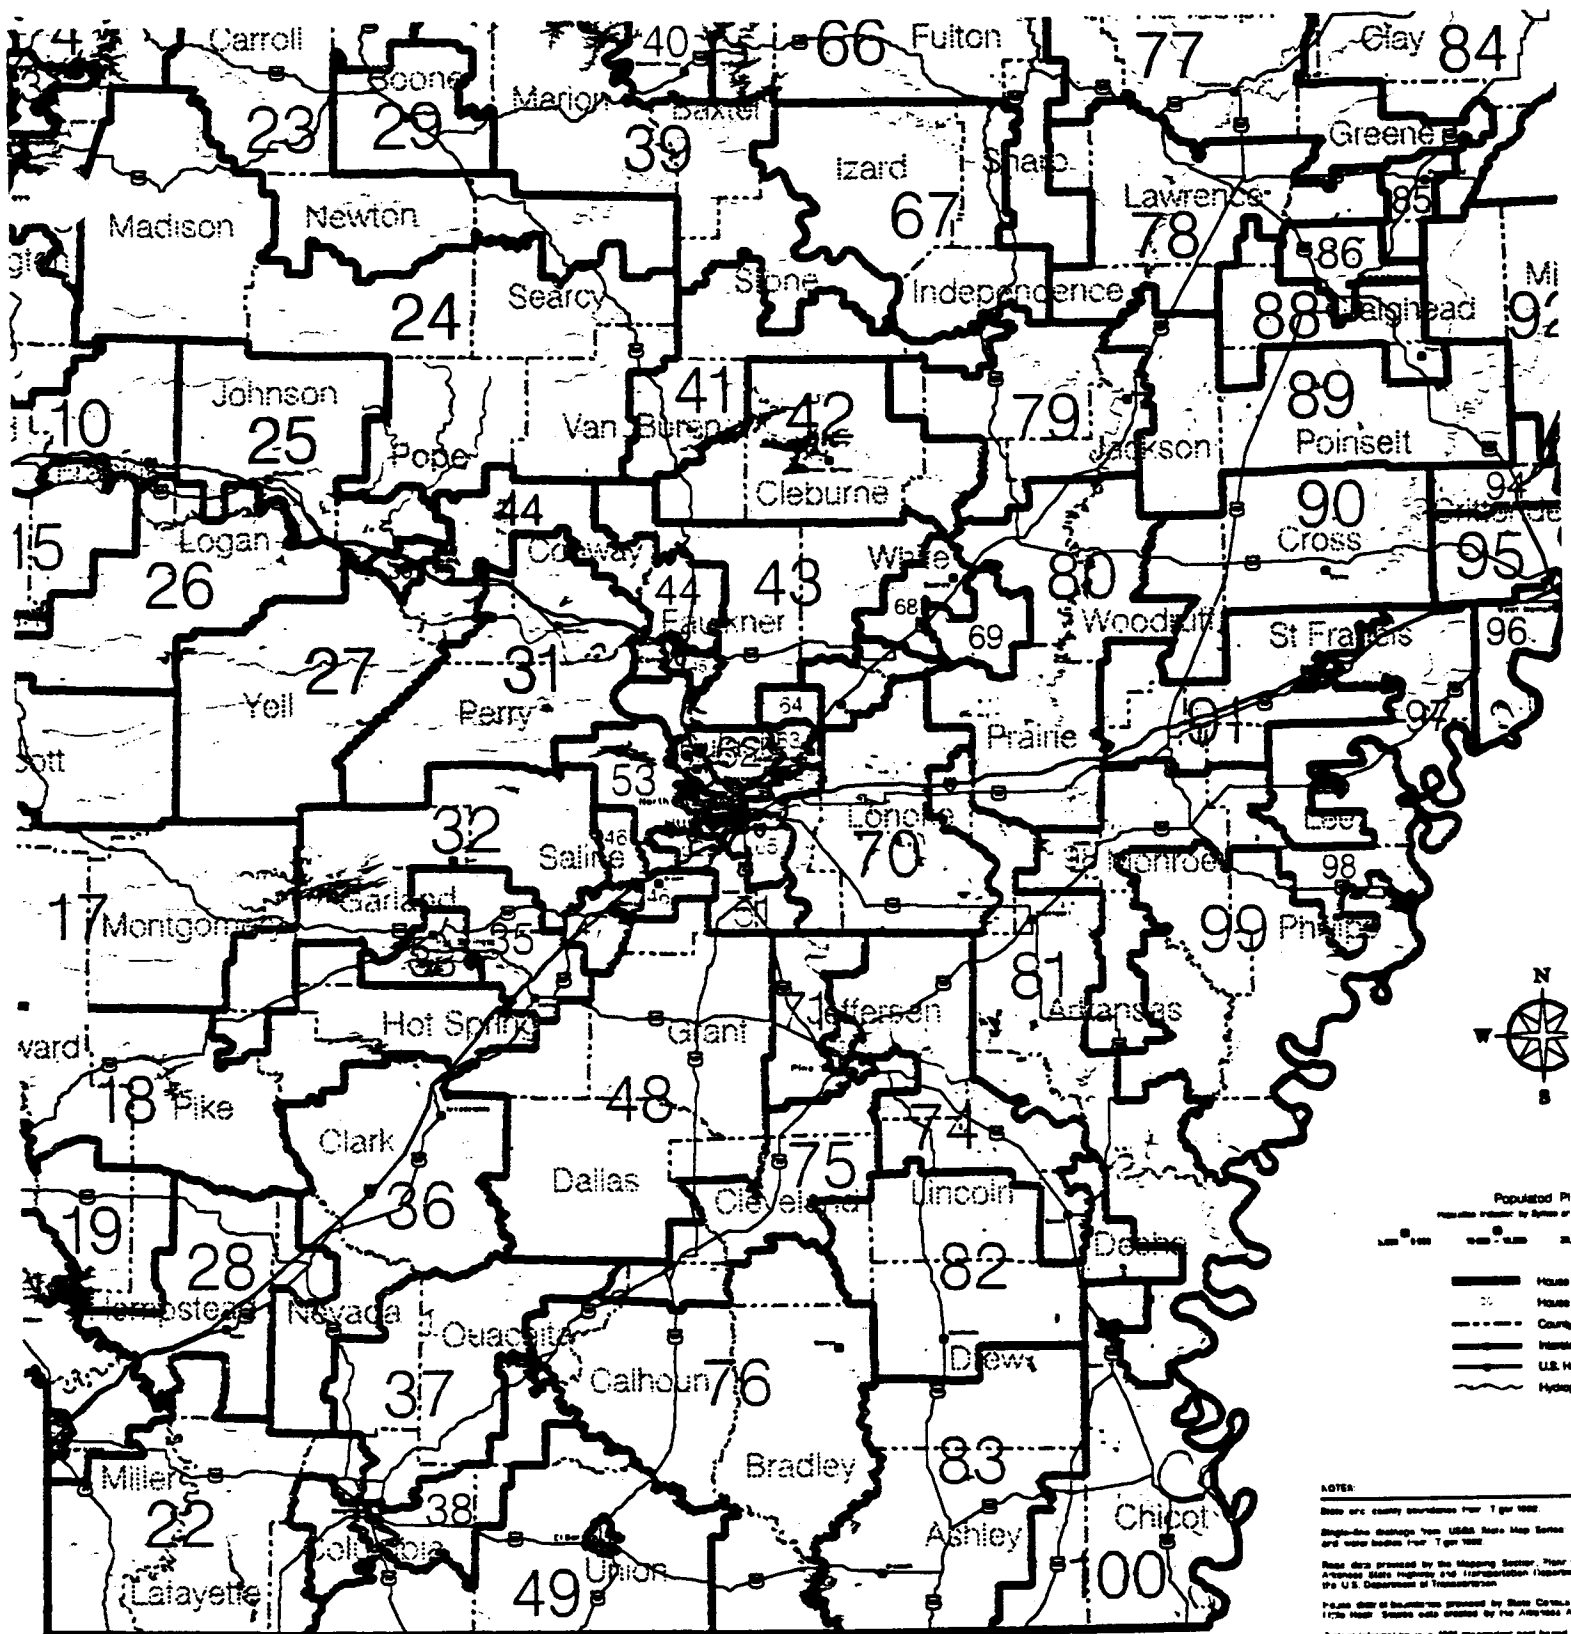

In 1991 Pope County was redistricted into six different House Seats, with only one seat, District 30, being entirely in Pope County. Districts 24, 25, 27, 31, and 44 each have a small part of Pope County, which does not allow for equal representation of Pope County residents with the remaining citizens of the District. It is my request that Pope County be given two **full** House Districts. Based on the 2001 preliminary census data this could be done on a fair and equitable distribution to the taxpayer. These two districts would give Pope County residents greater representation and would not deter from equal representation of residents in any other County or House District.

I respectfully request that you give serious consideration to these suggestions.

Sincerely,

Faye G. Abernathy
